Heritage Fair

This week, Gagetown School will celebrate its first Heritage Fair! Everyone is welcome to join us between 12:15 -2:15, on Wednesday, April 18th in the gym.

Note: Students who have projects are to have them at school on Tuesday morning. They will show and share their projects with their own classmates before setting them up in the gym after lunch. Parents are welcome to lend a hand if necessary. (Valuable or fragile items may be brought in before 9:00am). Children must take all project materials home Wednesday afternoon after the closing exercises at 2:13. Thanks to everyone, especially family and community for helping our young people develop an understanding of our heritage.

Arlene Johnson - Community School Liaison

Science Night

Science East and Gagetown School are expecting to have an unforgettable experience. In an effort to keep youth excited and interested in science, technology, engineering and math, students and staff are set to participate in TEKfest. This event provides hands-on activities during the school day. In the evening, community partners and STEM-based organizations will WOW everyone with activities and information on usual and unusual careers. The public is invited to get involved and celebrate TEKfest at Gagetown School May 10 between 6:00 and 7:30 p.m.

Car Wash

Middle Level Students will be holding a car in May with donations going to the Gagetown School middle level year end activities. Stay tuned for detail in the next issue.

Wonder Thoughts

Here are some more "wonder thoughts" from the K-5 students.

Renae - Grade 2 - "I wonder how the weather changes?"

Connor - Grade 3 - "I wonder how teachers can see using the back of their head?"

Jacob - Grade 3 - I wonder how much money is in the world?"
